Outcomes

Total control of you Cloud Strategy and Journey including;

- Speed for Deployments and shortened Dev /Ops cycles
- Transparency into Cloud Spend, Utilization, User Access and Value to the Business
- Compliance control through Agency Policy and Federal Cloud Smart Strategy

Cloud Control: Transparency into cloud user access, utilization, and cost

Agility: Quickly respond to changing cloud policies

Cost Savings: Optimize your cloud usage model and only pay for what you need

Speed: Deliver cloud services quickly, one organization saw time to provision decrease from 3 days to just 1 hour with ServiceNow Cloud Management

Compliance: Only allow your users to provision stacks that align with your policies; align with federal government Cloud Smart Strategy
